

■ Continuing its accelerated growth over the last two years, civil defense firm **Tyson & Mendes LLP** has opened its third office in San Diego, marking its 10th office across the country. The new office, located at 4435 Eastgate Mall, Suite 400 in the UTC area, will focus primarily on the firm's Automobile Liability Litigation practice, which has increased in size exponentially in the last two years.

“While we continue to expand our services across the country, a significant portion of our growth has been in San Diego,” said Tyson & Mendes Managing Partner Robert Tyson. “And, with 50 open attorney positions across the firm, the space will help us accommodate more new talent.” Tyson & Mendes’ other San Diego offices are located at 5786 La Jolla Blvd. and 5661 La Jolla Blvd. in Bird Rock. The latter will remain the firm’s official headquarters.
